PARTS MANAGER'S CATALOG

ACCESSORIES and MAINTENANCE MATERIALS

1 — WHEN ACCESSORIES AND/OR MAINTENANCE MATERIALS ARE NOT IMMEDIATELY AVAILABLE FROM YOUR LOCAL SOURCE OF SUPPLY, PLACE YOUR ORDER WITH YOUR ASSIGNED PARTS DEPOT.

2 — TRANSPORTATION WILL BE PREPAID ON SHIPMENTS OF ACCESSORIES AND/OR MAINTENANCE MATERIALS WHEN SUCH ITEMS ARE INCLUDED IN, OR ORDERED AS, A QUALIFIED PREPAID STOCK OR EMERGENCY ORDER IN ACCORDANCE WITH THE CURRENT SCHEDULE OF DISCOUNTS AND TERMS OF PURCHASE.

3 — ORDERS FOR ACCESSORIES AND MAINTENANCE MATERIALS MAY BE COMBINED WITH STOCK ORDERS FROM YOUR ASSIGNED PARTS DEPOT. WHEN ORDERING ACCESSORIES SEPARATELY OR IN COMBINATION WITH OTHER PARTS, PLACE YOUR ORDER AS FOLLOWS:

A. — LIST ACCESSORIES AND MAINTENANCE MATERIALS PART NUMBERS ON SEPARATE PAGES. USE PARTS ORDER FORM NO. 8-670-0139.

B — IDENTIFY ALL ACCESSORY AND MAINTENANCE MATERIAL PAGES AS "ACCESSORY ORDER."

C — USE ONLY ONE ORDER NUMBER WHEN COMBINING ACCESSORIES AND/OR MAINTENANCE MATERIALS WITH OTHER PARTS AND NUMBER ALL PAGES IN CONSECUTIVE ORDER.

4 — ACCESSORIES AND/OR MAINTENANCE MATERIALS ORDERED IN QUANTITIES QUALIFYING FOR DIRECT SUPPLIER SHIPMENT — REFER TO ORDERING INFORMATION CONTAINED IN SEPARATE "ACCESSORIES PRICE LIST." THE PRICES OF PASSENGER CAR PARTS AND ACCESSORIES LISTED HEREIN DO NOT INCLUDE PROVISIONS FOR FEDERAL EXCISE TAX. THE PRICES OF TRUCK PARTS AND TRUCK ACCESSORIES INCLUDE ANY APPLICABLE FEDERAL MANUFACTURERS' EXCISE TAX. ALL PRICES AND SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE.

The prices listed herein are supplied merely as trade information. Distributors, Wholesalers, Dealers or other persons handling the products listed herein are not required or expected to follow all or any such prices, it being expressly understood that they are absolutely unrestricted in such respects.

ANTENNAS - Rear Seat Speakers TAPE PLAYER - "Stereo 8"

MANUAL ANTENNA

- Engineered to radio for finest reception and listening pleasure.
- Sparkling chrome and stainless steel.
- Telescopic design—extends to 60".

POWER ANTENNA

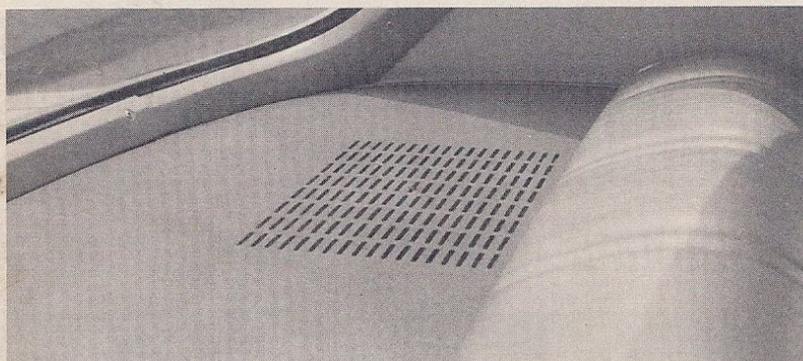

- Instrument panel control for instant height adjustment.
- Polished chrome and stainless steel add beauty and style.
- Extends to 60".

REAR SEAT SPEAKER WITH REVERBERATOR

- Adds "stereo effect" to the speaker system.
- Increases clarity and realism.
- Delivers sound never dreamed possible from a radio.

REAR SEAT SPEAKER

- Adds depth of sound and enjoyment for all passengers.
- Selector control lets you operate front and rear speaker separately or in unison.
- Flush-mounted speaker.

STEREO-8 TAPE PLAYER AND CARTRIDGE

Thrill to full tonal stereophonic music as you drive—surrounded by the brilliance and realism of the concert hall. Select and listen only to the music you enjoy most—wherever you go!

- Up to 80 minutes playing time per cartridge.
- Automatic play from beginning to end.
- Tapes available for every musical taste and age.
- Custom or Universal Type Speaker installation.

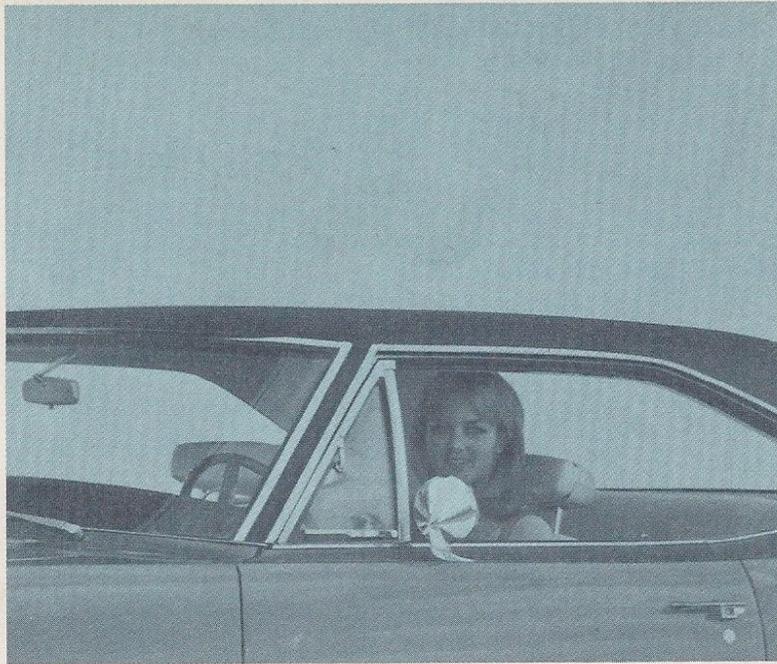

To aid you in obtaining increased profits from this market, the Parts Division offers a new Stereo 8 package with Universal Speakers. This unit is sure to be a fast mover and attract more customers to your dealership.

The new package has the same high-quality features as Part No. 2808 990 with the exception that two universal-type mounting speakers are included with the package instead of four door-mounted speakers. These two

speakers may be mounted or placed anywhere the customer wishes and when the vehicle is disposed of the Stereo 8 Tape Player and Speakers may be easily removed and installed in another vehicle.

AUTO PILOT - ROAD SAFETY KIT

AUTO PILOT

Set the control and this automatic device keeps you traveling at a constant speed without your foot on the accelerator. May also be used as a warning device in restricted speed zones to call your attention to excessive speed.

- Holds speed steady at all times.
- Instantly disengages when brake pedal is depressed.

AUTO AND ROAD SAFETY KIT

The Kit consists of the following seven (7) items:

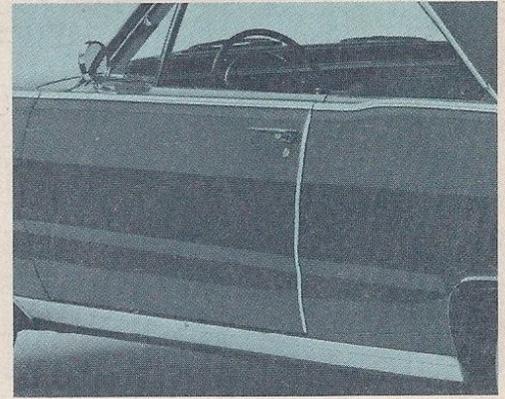

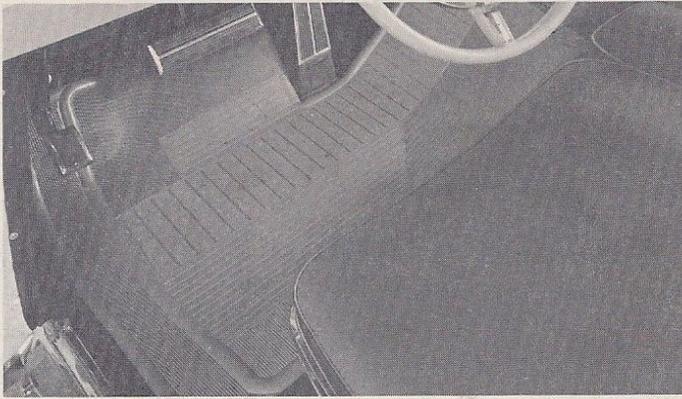

- Instant Tire Inflator and Fire Extinguisher Protection — A Compact aerosol can filled with enough Freon and other ingredients to inflate a tire or extinguish a small fire.
- First Aid Kit—The all-purpose kit for minor burns and wounds. Kit consists of Sterile Pads, Adhesive Bandages, 1/2" Wide Adhesive Tape, Burn - A - Lay Cream, Antiseptic Packets, Ammonia Inhalants and First Aid Folder.
- Flashlight — A chrome-plated two cell spotlight with a powerful magnet to hold light for storage and use.
- Batteries (2)—Heavy-duty size D, chrome-protected batteries.
- Fusee (15 minutes)—Alerts oncoming traffic at night that an emergency stop has been made, and to drive carefully. I.C.C. approved, comes complete with wire tripod case, ignites instantly.
- Warning Flag (Red Plastic Day-Glo)—Clearly visible during the daytime, this flag easily attaches to door handle or antenna and warns oncoming traffic that trouble has developed and to go slow.
- Wash'n Dri Package — This package contains five (5) pre-moist disposable towelettes which can be used for washing and cleaning without soap, water or towel.

TRUCK AIR CONDITIONERS

AIR CONDITIONING

- Refreshing cool air on hottest days.
- Temperature thermostatically controlled.
- Reduces outside noise and distractions.
- Filters out dust and pollen — pleasant relief for hay fever and asthma sufferers.
- Helps prevent window fogging in damp, humid weather.

COOL AIRE

The Cool Aire air conditioning system is available for all heavy duty trucks. Packages contain a complete condenser and evaporator in a combination roof-mounted unit to provide maximum cooling efficiency. A sleeper duct is also available for sleeper compartment models. Choice of three sizes to fit heavy, medium or light duty operation.

COOL COMFORT

Cool Comfort air conditioning systems are designed especially for light duty, compact trucks and vans. DeLuxe and Standard systems contain under dash evaporators with front mount condensers. Roof mounted evaporators and condensers are contained in the Roof Mount Basic Package. If desired, a Front End Condenser may also be used with a Roof Mounted Evaporator.

COOL COMFORT— Light Duty Trucks and Vans

Deluxe and Standard Basic Units contain Under-Dash Evaporator and Front End Condenser. Roof Mount Basic contains Roof Mount Evaporator and Roof Mount Condenser. For Roof Mount Evaporator and Front End Condenser (Conventional Cab Only) order Part No. 2586 934, Basic Unit, and applicable Engine Adapter Package.

BATTERIES

AUTOMOTIVE • COMMERCIAL

HEAVY DUTY • GOLF CAR

Chrysler Parts Batteries are unexcelled for performance. Rigid manufacturing specifications assure more cranking power than most other replacement batteries. They are available in most popular sizes for both six and twelve volt applications.

Here are some of the many features included in Chrysler Parts Batteries:

"Formula 57" (U.S. patent No. 3,198,665) sharply reduces rate of self-discharge and offers greater protection against the damaging effects of oxidation in the dry-charge state and from sulfation after the electrolyte has been added.

New improved high impact rubber container - heavily reinforced at points of stress to withstand the extremes of temperature.

Rubber, glass and plastic Fiber separators for greater starting capacitance and longer life.

Improved G.O.X. active material - quick starts are assured since it is more chemically active.

One piece high impact hard rubber cover on most original equipment line - Deluxe Batteries and all 12 volt Custom series. No more sealing compound problems. Self-discharge across top cell connectors is eliminated.

SUPREME

The Supreme is specifically engineered with super performance to provide all the extra power needed to operate extra electrical accessories and still assure top starting efficiency. 48 Months Pro-Rata Service Adjustment.

ORIGINAL EQUIPMENT LINE - DELUXE

Used by production as original factory installed equipment, this battery meets the demands of the greatest number of drivers. DeLuxe Batteries provide power performance - give more value per dollar. 36 Months Pro-Rata Service Adjustment.

CUSTOM

Economical all round service. In the most popular price range, ideal for dependable starting power and long life. 24 Months Pro-Rata Service Adjustment.

SPECIAL

Economically priced - excellent for replacement on older models, used car installations and ideal for seasonal tractor use. High starting power. 12 Month Pro-Rata Service Adjustment.

COMMERCIAL

Engineered for all size commercial applications. Tough, rugged. 18 to 36 Month Pro-Rata Service Adjustment.

GOLF CAR

Built with deep cycle plates to deliver long service under the constant discharging and recharging encountered in golf course operation. May also be used to propel such vehicles as personnel transporters, small lift trucks, etc.

BATTERY MATERIALS

ELECTROLYTE DISPENSER KIT

Consists of a re-usable acid-resistant dispensing hose, plastic threaded screw-on cap and a spring steel clamp to control flow of Electrolyte. Chrysler Parts Electrolyte Dispenser Kit is required for use with the 5 Gallon Container of Electrolyte.

MARINE BATTERY ADAPTER PACKAGE

Contains 6 non-spill vent caps and two wing-nut terminals needed to convert automotive type batteries to Marine application requiring lug-type terminal connectors. The vent caps and wing-nut terminals in this Adapter Package will fit all Chrysler Parts "Supreme", "DeLuxe", "Custom", and "Special" type 12 volt Batteries.

BATTERY POSITIVE TERMINAL FELT WASHER

An economical corrosion preventative which helps minimize freezing of cable terminal to battery post.

CAD TIP BATTERY ANALYZER

The first electrical cell analyzer that is especially designed to read cell voltages on new one piece cover batteries, and will precisely analyze the condition of any type battery. Gives an accurate evaluation of a battery as low as 75% discharged. Eliminates time-consuming battery recharging prior to testing.

BATTERY ELECTROLYTE

For prompt efficient battery performance recommend and use Chrysler Parts Battery Electrolyte. Electrolyte requirements vary, but most batteries require four quarts.

CHRYSLER PARTS ANTI-FREEZE

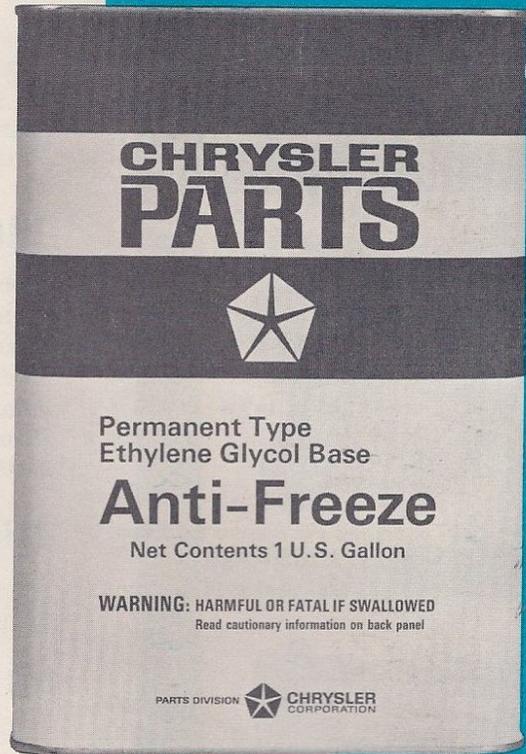

Leads the field in assuring maximum cooling system protection against winter freeze-up, overheating, seepage, clogging, foaming and corrosion. Chrysler Parts Anti-Freeze reliability has been proven under the most severe driving and weather conditions.

FROST AND ICE REMOVER

Assures clear vision and safer driving by clearing frost and ice from windshields and windows quickly. Frees frozen locks, is harmless to paint, rubber, plastic or metal and does not leave an oily film.

WINDSHIELD WASHER SOLVENT

Assures clean windshields year round; will not freeze in hoses or on windshield. Dissolves bug residue and road film. Harmless to paint, chrome and rubber.

ENGINE ADDITIVES

"M.P.R." (MOTOR POWER RESTORER)

An engine oil additive that increases the ability of any quality motor oil to provide better lubrication in all types of internal combustion engines. Assures balanced viscosity, prolongs engine life, increases compression, reduces oil consumption, quiets hydraulic valve lifters, reduces engine oil leaks and protects new and rebuilt engines during break in.

CARBURETOR & UPPER CYLINDER CLEANER

A combination of solvents, detergents and penetrating agents designed to be used every 5,000 miles or whenever engine acts sluggish. It cleans the carburetor passages, frees sticking valves and compression rings and removes unburned lead and carbon deposits in the combustion chamber. It also leaves a protective coating on all cleaned parts.

CRANKCASE DETERGENT AND RUST INHIBITOR

A chemically-balanced, heavy-duty concentrate containing detergents, anti-oxidation agents, anti-alkaline elements and anti-corrosive properties. It protects hydraulic valve lifters and other moving parts by breaking up gum and carbon deposits, neutralizing rust, water and acid accumulations.

FUEL DETERGENT AND VALVE LUBRICANT

To aid in cleaning carburetor of gum deposits and reduce carbon formation in combustion chamber and intake manifold. This additive also prevents rusting of carburetor, fuel tank, intake manifold and combustion chamber surfaces. It lubricates upper cylinder and is an assist in fast starting in cold weather.

ENGINE OIL SUPPLEMENT

This oil maintains new car efficiency, smoother performance and longer engine life. It protects the engine against cylinder wall scoring and sticky valve lifters during break in period and after. It also guards all lubricated parts against carbon and gum deposits, rust and acid.

DESCRIPTION	SIZE	PART NO.	SUGGESTED LIST PRICE

ENGINE ADDITIVES (Cont'd)

GUM & SLUDGE REMOVER

A compound of solvents, dispersants and detergents that cleans oil lines and removes gum, carbon and sludge from oil rings, valve guides and lifters. Developed purposely to remove crank-case contaminants and for use on older cars as a cleaner and flush.

MANIFOLD HEAT CONTROL VALVE SOLVENT

Formulated to keep the manifold heat control valve operating freely and efficiently. It penetrates lead and rust deposits that accumulate on the control valve. A small amount should be applied to both ends of the valve shaft every thirty days and whenever the car is lubricated.

COOLING SYSTEM MATERIALS

COOLING SYSTEM RUST RESISTOR & WATER PUMP LUBRICANT

Protects the cooling system from build-up of rust or scale particles by depositing a protective coating on inner walls. The water pump is continuously lubricated since the lubricant is heat resistant and mixes freely with hard or soft water and all approved types of anti-freeze.

COOLING SYSTEM STOP LEAK AND SEALER

Effectively stops minor radiator leaks and seepage at hose connections, gaskets, etc. It will not evaporate, deteriorate, clog or injure connections or air conditioning systems. It also prevents rust and will mix with hard or soft water and all approved types of anti-freeze.

WATER PUMP LUBE

Use to eliminate noisy water pump squeak and chatter. This silicone lubricant is heat resistant and will not dissolve in cooling system contents. Anti-Freeze included.

FLUIDS

AUTOMATIC TRANSMISSION FLUID (TYPE "A" SUFFIX "A")

Currently used in all transmissions as factory fill and recommended for all manual and automatic transmission service. It transmits maximum power with minimum friction and is heat resistant. Lubricates and protects gears, pumps and seals against undue wear. Mixes freely with all other transmission fluids and will not form impurities or deposits. Colored for easy detection of transmission leakage.

TRANSMISSION SEALER

Specially formulated to keep seals pliable and to revitalize hard shrunken seals. Protects transmission seals against deterioration and stops minor seal leaks.

BRAKE FLUID

A heavy duty type brake fluid that is recommended for use in the brake systems of all Chrysler built vehicles. It conforms to or exceeds S.A.E. specifications for high temperature heavy duty type (S.A.E. 70R3), heavy duty type (S.A.E. 70R1) and Federal Specification VV-H910A; and complies with all states having regulations governing the sale and use of brake fluids for motor vehicles.

LIGHTER FLUID

An exceptionally fine quality fluid, highly volatile for instant lighting, clean burning and long lasting.

POWER STEERING FLUID

Especially compounded to assure maximum performance and efficiency from the power steering system. Insures longer life of rubber parts under the pressures and temperatures encountered.

LUBRICANTS

DISTRIBUTOR CAM LUBRICANT

Specifically formulated for the efficient lubrication of distributor cam shaft. Easy to use in handy tube.

"LUBRIPLATE"

An all-purpose heavy duty lubricant that resists rust and corrosion. It is dripless, long lasting and packaged in a handy, easy to use tube. May also be used in the home.

"LOCK EASE"

This lock fluid assures smooth working locks. Long-wearing film protects locks against rust and wear. Slight pressure on spring panel forces colloidal graphite fluid to all parts of lock.

"DOOR EASE" LUBRICANT

A stainless stick lubricant which stops squeaks and reduces friction. Ideal for car doors and other areas with rubber bumper cushions. Many household uses such as sticky drawers, windows, etc.

RUST PENETRANT

Quick-acting spray type solvent that frees troublesome nuts, bolts, hinges and clamps in seconds. Dissolves rust, corrosion, chemical deposits and many other elements that hinder disassembly. Has many household uses.

PENETRATING OIL

A free-flowing, long-wearing weather resistant lubricating oil, which congeals to a full bodied lubricant. Ideal for hinges, locks, springs and hard-to-get-at places. Many household uses as well.

LUBRICANTS (Cont'd)

GEAR LUBRICANT S.A.E. NO. 80

To provide lasting protection against scoring, scuffing, wear and rough operation under normal or severe loading conditions. It's endurance formulated; recommended for all conventional rear axles, manual steering gears and manual transmissions (exc. Borg-Warner).

MULTI-MILEAGE LUBRICANT

This lubricant has chemical and mechanical properties which provide higher resistance to the harmful attacks of water, corrosion, extreme temperatures and impact loading on sealed suspension joints (ball joints, tie rod ends and torsion bars) also recommended for wheel bearings, universal joints, propeller shaft spline, pinion bearings, brake cables, clutch linkage and gearshift levers. It maintains full lubricating efficiency over extended periods, assures continuous smooth operation and long component life.

"RUGLYDE" (CLEAR TYPE)

A multi-purpose lubricant that lubricates rubber parts, eliminates squeaks and restores "new look" to floor mats, tires, etc. Ideal for mounting and demounting tires, protects tire beads, trim-seal edges and will not soften paint finish. It will also clean leather, plastic and vinyl.

SPEEDOMETER CABLE LUBRICANT

Especially formulated for efficient, long-lasting speedometer cable performance.

"SURE GRIP" LUBRICANT S.A.E. NO. 90

This lubricant guards against gear scoring and scuffing under severest conditions. Ideal for all "sure grip" and "limited slip" type differentials, manual steering gears and manual transmissions (exc. Borg-Warner).

"SIL-GLYDE" LUBRICATING COMPOUND

Effectively lubricates and eliminates squeaks from fan belts, weatherstrips, seals, bumpers, window channels and rubber gaskets. It also weatherproofs and prevents shorts in ignition system and protects battery terminals against corrosion.

LUBRICANTS (Cont'd)

Chrysler Parts Hi-Performance Lubricants are recommended for all vehicles used in Drag, Circuit, Rally or other high-speed competitive events. Each contains special additives to assure superior lubrication, reduce drag and power loss while protecting against undue wear, scoring and over-heating. Chrysler Parts Hi-Performance Lubricants assure increased horsepower to Hi-Performance Engines in competitive events.

HI-PERFORMANCE MOTOR OIL

This specially formulated Oil containing heavy-duty additives that provide maximum lubrication and protection to bearings, cam lobes, tappets, piston rings, cylinder walls etc., during Hi-Speed competitive events.

HI-PERFORMANCE AUTOMATIC TRANSMISSION FLUID

Developed for hi-speed competition to protect against scoring, scuffing, wear and seizure of vital transmission parts. Maximum lubrication and protection against power loss due to shifting drag and churning is assured.

HI-PERFORMANCE MANUAL TRANSMISSION LUBRICANT

Helps prevent undue wear, increases heat resistance, resists foaming and decreases power loss due to shifting drag. Provides positive lubrication to all transmission components in Hi-Performance cars.

HI-PERFORMANCE REAR AXLE LUBRICANT

Provides maximum lubrication and better protection against scoring, excessive wear and overheating. Adds more usable horsepower for all Hi-Performance engines during Drag, Circuit and other high-speed competitive events.

APPEARANCE MATERIALS

AUTOMOBILE POLISH

This polish quickly and easily cleans, polishes and restores showroom shine to all car finishes. It provides a gleaming, dry, glossy surface which repels dust and protects the paint finish.

BUG REMOVER

This remover quickly, easily and safely loosens and dissolves insect spatter on chrome, glass and paint surfaces. Not harmful to car finishes. Packaged in an attractive, unbreakable reusable plastic squeeze-type container.

CAR WASH LIQUID AND POWDER

Mixed with water as directed, a small quantity of these highly concentrated materials produce an extremely effective washing solution. No wiping required; just wash, rinse and allow to air dry. It leaves no ugly film or streaks when used as directed.

CHENILLE WASH MITT

An invaluable aid for fast wash jobs, also has many household uses such as dusting and polishing. Made of high quality material in assorted colors and individually packaged in a polyethylene bag.

CHROME CLEANER AND POLISH WITH SILICONES

Removes rust and tarnish from chrome, copper, stainless steel and nickel-plated parts. It leaves a clean long lasting, brilliantly polished surface which is highly resistant to water and abrasion.

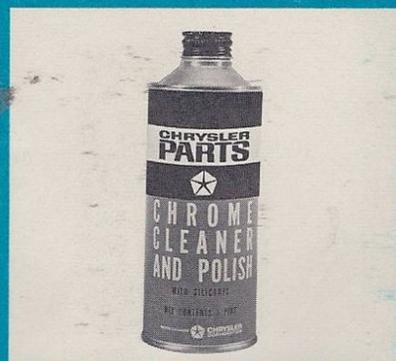

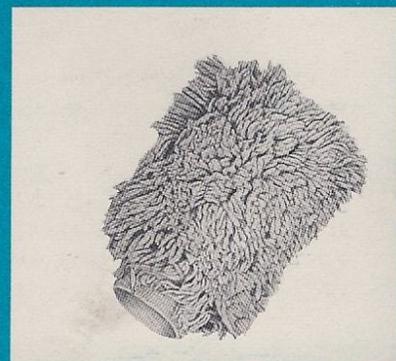

CLEANER AND POLISH (Aerosol)

A new foaming action cleaner and polish that quickly restores original showroom brilliance to all car finishes. Leaves a tough, long-lasting "poly" finish that repels dust and facilitates washing.

WASH & WAX LIQUID WITH DETERGENT

Quickly and effectively removes road grime and deposits a film of protective wax. This highly concentrated liquid mixes easily in warm or cold water. After use, the surface has a dry, nonsmearing, glossy finish.

APPEARANCE MATERIALS (Cont'd)

GLASS CLEANER

Cleans and makes windows, lamp lenses and mirrors sparkle. Squirt-on -- wipe off. Leaves no streaks, film or blurs.

LEATHER AND VINYL CLEANER

Thoroughly cleans and renews leathers, vinyl and synthetic materials leaving surface soft and pliable; harmless to painted surfaces.

NET POLISHING CLOTH

A soft, lint-free polishing cloth that gives the professional touch. Surfaces may be polished to an amazing brilliance after using Chrysler Parts Cleaners, Waxes and Polishes. Has many uses in the home and is individually packaged in cellophane wrapper.

"SNOWY DOWN" POLISHING CLOTH

A super soft, highly absorbent material that produces a sparkling finish without leaving any lint. It can also be used very effectively in the home for polishing furniture, leathers, vinyls, etc.

WAX-TREATED POLISHING CLOTH

Here is 405 square inches of specially wax treated, highly absorbent, heavy cotton flannel. Perfect to use on synthetic finishes as well as on all other car finishes. Easily removes dust, dirt and road grime from body, glass and chrome. Excellent for furniture and many other household uses.

ENGINE DEGREASER

A concentrated heavy duty cleaner especially formulated to remove dirt, oil and grease deposits quickly, easily and effectively. Safer than steam cleaning - just spray on, let it soak, and hose off.

ALL PURPOSE CLEANER CONCENTRATE

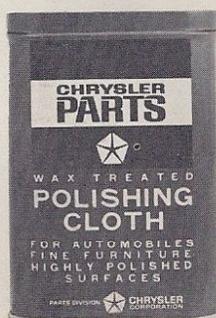

A highly concentrated cleaner reduced with water for a wide variety of cleaning operations car wash - convertible top cleaner - cloth and vinyl trim - carpeting - glass, etc. Non-flammable, non-toxic and non-caustic.

VINYL TOP CLEANER AND CONDITIONER

Special formulation that thoroughly cleans vinyl tops leaving a protective coating. Contains no abrasives and harmless to skin, paint, rubber, chrome, etc., when used as directed.

"KAR KLEEN"

Quickly and safely restores original beauty of cloth, vinyl or leather upholstery and trim. Plastic brush top cap for easy application and use.

APPEARANCE MATERIALS (Cont'd)

WHITE SIDEWALL TIRE CLEANER

Formulated for fast, easy cleaning of whitewalls. Contains no abrasives and harmless to all finishes. Merely spray on, allow to set 30 seconds or longer. Then hose off with a strong stream of water. Dries spotless and streak-free.

SPOT REMOVER & FABRIC CLEANER

Produces a professional looking cleaning job in removing stains and stubborn spots on clothing and fabrics. It is non-injurious to materials or fast colors.

USED CAR FINISH RESTORER

Especially formulated for cleaning and polishing heavily oxidized painted surfaces of older model cars. When used as directed, finish can be restored in one application.

SILICONE AUTO WAX (PASTE)

One of the hardest and most waterproof waxes ever developed for the Do-It-Yourself trade. Easy to apply and a long lasting protective coating on enamel or lacquer finishes is assured.

"SUPER GLAZE"

Restores original luster and beauty to all finishes. The ideal follow up for all polish jobs. Easy to use. Hand or power applied. Effective for cleaning clouded and scratched rear windows of convertibles.

TAR AND ROAD OIL REMOVER

Colorless, stainless, quick acting, non-injurious to car finish or chrome. Effectively loosens and removes tar and road oil on contact.

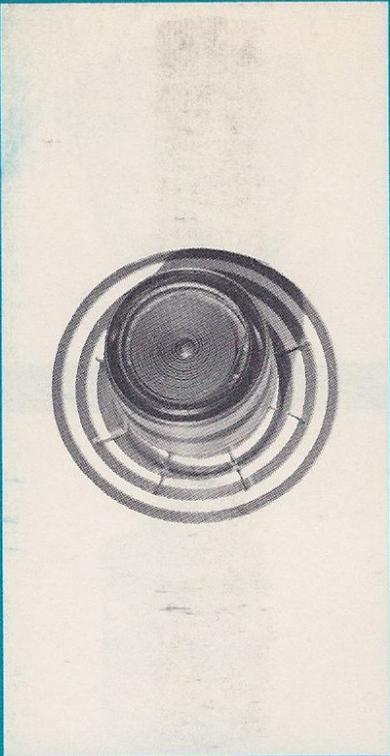

HEAVY DUTY CLEANER (AND ADDITIVE)

Very effective for quickly and easily removing dead pigments from heavily oxidized paint and road-hazed finishes. When followed by Chrysler Parts Super Glaze a high luster is possible. For a quick, one-step cleaning and polishing operation this cleaner may also be mixed 50-50 with Chrysler Parts used car finish restorer.

GENERAL PURPOSE MATERIALS

CAR APPEARANCE AND MAINTENANCE MATERIALS

CIGAR LIGHTER ELEMENT

Ash guard safety sleeve prevents hot sparks from damaging clothing or upholstery. Fits most lighter receptacles, lights-up safely, eliminates match glare.

AUTO GLASS ADHESIVE AND SEALER

Assures permanent seal, elasticity, resistance to temperature changes and positive adhesion to glass, rubber and metal. Ideal for sealing leaking and squeaking windshield, rear window and side windows on station wagons. Cures upon application into a controlled vulcanized state, permanently adhering the weather strip to the glass.

TIN SWIPE

Quickly prepares metal surfaces for soldering. Designed for use with 50-50 solder and formulated to contain the correct combination of high quality tinning metals, fluxing compounds and chemical cleaners. Available in six ounce aerosol containers, which will tin approximately 100 square feet.

UNDERCOATING

Protects all underbody sheet metal, body and frame bolts, and fuel tank from corrosion and other harmful elements. It reduces or eliminates many annoying squeaks or rattles and will not soften in hot water, nor become brittle in winter temperatures. It insulates against cold and heat. Easy to apply - sticks securely. Approved by Underwriters Laboratories.

STARTER BRUSH PLATE SEALER

Especially formulated for permanent sticking power. It blocks road moisture from entering the starting motor and also prevents water vapors from entering through the transmission bell housing. It has many uses outdoors, as well as indoors for bonding rigid and many flexible materials to rigid surfaces. May be painted when dry.

"STIC" ALTERNATOR & MULTI-PURPOSE CEMENT

A high temperature, non-conductive cement which forms a semi-rigid though rubbery bond. The bond produced is flexible even at low temperatures and has excellent resistance to water, oil and aliphatic hydrocarbons such as gasoline, naptha, etc. This cement may also be used as general purpose adhesive for vinyls, glass, leather, wood, metals and trim materials.

GENERAL PURPOSE MATERIALS (Cont'd)

FUEL PRESSURE REGULATOR

A mileage saver that controls the high and fluctuating pressure of fuel pumps. Hard starting, rough idle and stalling caused by uneven fuel pressure may be eliminated. Flooding and vapor lock can also be prevented. It makes engines run better, improves mileage and provides full fuel flow for smoother acceleration.

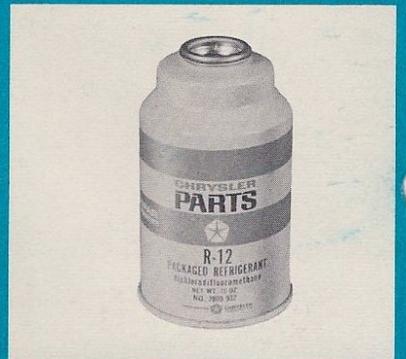

"PERFECT SEAL" SEALING COMPOUND

This sealing compound provides a non-drying film seal for all types of gaskets, threaded and machine joints. Always ready for use with handy applicator brush in lid. It provides a non-drying film seal for all temperature extremes and helps prevent corrosion.

GENERAL PURPOSE CEMENT

This superior quality product may be used where a strong bonding of synthetic or rubber parts to painted metal surfaces is required. Ideal for cementing weather seals to doors and luggage compartment lids, bonding trim to body panels and dozens of household applications.

LED PLATE (ANTI-SEIZING SEALANT)

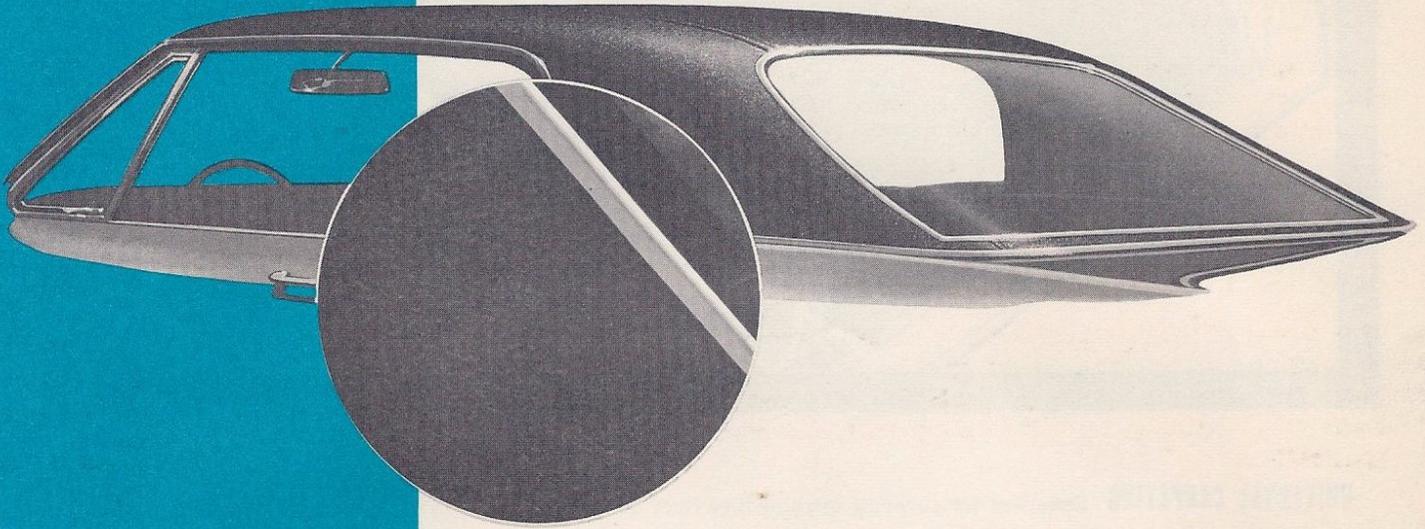

An anti-seize gasket sealer that maintains its sealing properties on those parts subject to severe temperature variations. Assures easy disassembly without damage to gaskets. An excellent pipe sealer and tapping compound, impervious to air, water, steam, etc. Protects battery terminal against corrosion.

REFRIGERANT #12 "FREON"

Approved for use in all Chrysler Corporation Air Conditioners.

USED CAR RECONDITIONING MATERIALS (Cont'd)

CANVAS DYE "DYLAK"

To improve the appearance of shabby, weather beaten and faded canvas convertible tops. Easily applied with spray gun and dries in about twenty minutes.

ENGINE PAINT

After thorough cleaning with Chrysler Parts Engine Cleaner, Chrysler Parts Engine Paint may be sprayed or brushed on to renew the engines appearance.

"ONE STEP" POLISH

The quickest, easiest and most effective way to clean and restore color and lustre to all cars.

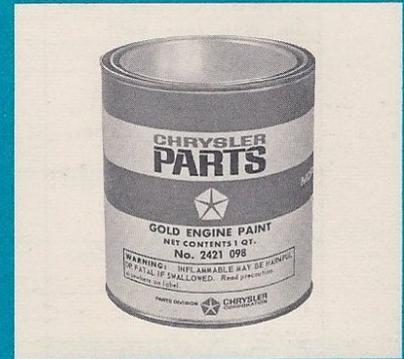

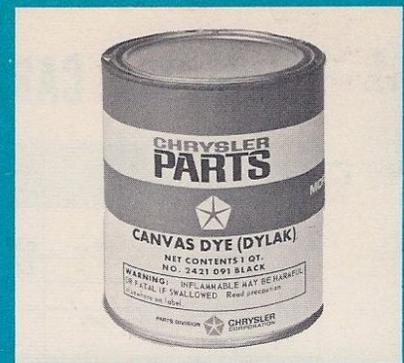

LEATHER AND VINYL DYE

Restores the beauty of all leather and vinyl trim by effectively covering stained, faded and scratched areas. Excellent for touching up.

ENGINE AND ENGINE COMPARTMENT CLEANER

A concentrated heavy duty cleaner containing detergents specially formulated to remove dirt, oil and grease deposits quickly, easily and effectively. Safer than steam cleaning - just spray on, let it soak, and hose off.

USED CAR RECONDITIONING MATERIALS (Cont'd)

Improves the appearance of worn rubber floor mats. Six 8" x 12" easy to apply patches in a package.

UPHOLSTERY TINT

Excellent for restoring color to faded and dull appearing wool or cotton upholstery and heavy nap carpeting. May also be used in the home on any faded fabric.

UPHOLSTERY CLEANER

Effectively cleans and restores stained and faded cloth upholstery when used together with Chrysler Parts Upholstery Tint. This cleaner will do an excellent job where upholstery is spotted or dirty.

USED CAR FINISH RESTORER

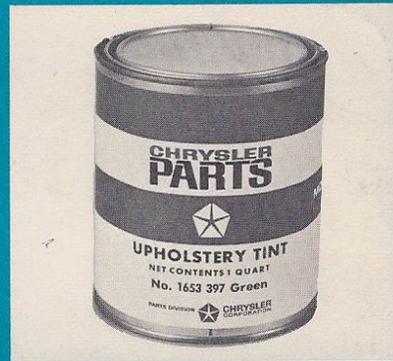

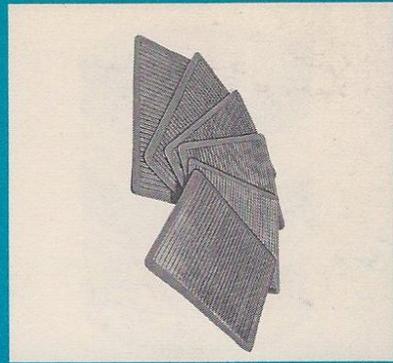

Especially formulated for cleaning and polishing heavily oxidized painted surfaces of older model cars. When used as directed, finish can be restored in one application.

MULTI-PURPOSE CLEANER

Thoroughly cleans and renews vinyl upholstery, leaving surfaces soft and pliable. Harmless to painted surfaces.

HEAVY DUTY CLEANER (AND ADDITIVE)

Very effective for quickly and easily removing dead pigments from heavily oxidized paint and road-hazed finishes. When followed by Chrysler Parts Super Glaze a high luster is possible. For a quick, one-step cleaning and polishing operation this cleaner may also be mixed 50-50 with Chrysler Parts used car finish restorer.

MULTI-PURPOSE DYE AND DRESSING

This product restores, refinishes to give new appearance to floor mats, tires, rubber surfaces, kick panels, package shelf, fibre board, underhood sheet metal, etc.

NYLON DYE

Beautifies and restores attractiveness of nylon upholstery and hard finish convertible tops. Easily applied with spray gun - fast drying.

OVERSPRAY REMOVER

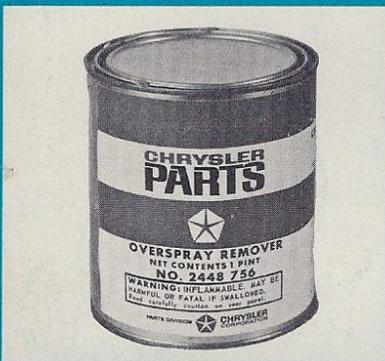

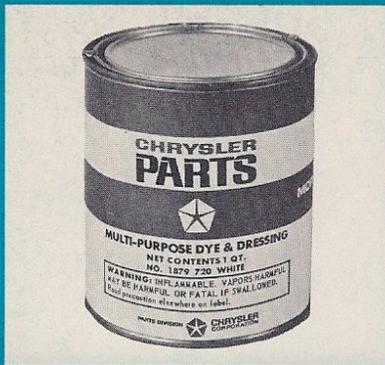

Excellent for removing overspray of leather, vinyl, and Multi-Purpose Dye and Dressing. Can also be used to effectively remove tar, road oil and undercoating from car finishes. Harmless to paint.

"REVIV-A-COLOR"

A clear, glossy-finish coating used to revive faded or dull appearing colors on engine wiring, rubber hoses, floor mats, tires and other rubber products. May also be used on engine blocks and engine compartment sheet metal where painting or dyeing is not required.

LEATHER AND VINYL SEALER

Ideal for covering and sealing worn-off or cracked spots, cuts, and scratches on leather and vinyl trim.

PLASTIC SOLDER

Recommended for all body repairs, even in high impact areas. When properly mixed with its chemical catalyst, "Chrysler Parts Creme Hardener", it produces a compound that provides smoothness, flexibility, ease of filing and sanding, low dust, feather edging and the finest painting surface of any material on the market. Due to its high adhesive and flexible characteristics it has the ability to withstand impacts, road vibration, expansion and contraction caused by temperature variation. Available in black or white.

PLASTIC SOLDER CREME HARDENER

A non-separating, homogenized, cream catalyst for activating Chrysler Parts Plastic Solder. Permits close control of curing time and ease of mixing. Available in white or red.

MIRROR GLASS REPLACEMENT PACKAGES

Replacement mirror glasses for the most popular sizes currently used. Installs quickly and permanently over old, discolored, cracked or broken glass. May also be used as vanity mirrors in the home, purse, school locker, etc.

SPLATTER PAINT

Especially formulated to renew the appearance of the trunk compartment. Areas such as floors, sides, metal, mats, and cardboard may be sprayed.
